Power Users Reported To Be Lining Up

Local conditions in regard to the conservation of electricity are very satisfactory according to reports of Messrs. J. D. Sparks, Col. Herman Hall and G. I. Farman, the Chamber of Commerce, Power Conservation Committee.

For the benefit of local merchants and business houses the committee reports that it is now permissible to light show windows using the equivalent of one watt per square foot of window floor area, but a maximum of 50 watts will be permitted in windows of less than 50 square feet. This is in accordance with an order received from the State Power Supervisor.

Under the existing conditions no new connections are permitted for electricity, except where same can be supplied from existing lines.

In handling a number of special cases coming before this committee it was found that curtailment has been almost sufficient to bring the total distribution of electricity within the quota assigned for use within the local community. It is therefore urged that all users of electricity continue their efforts to make the greatest saving possible.

Tom Henderson, Water Superintendent, is making an effort to effect more economy in the use of water and the Water Department of the City has put into effect a number of changes. A special report is to be published showing some very interesting conditions found by them.

In order to prevent "unadvisable withdrawal from the underground supply of water it is very important for all consumers to limit the use of water to the smallest amount possible.

This saving of electricity has required a large amount of time by the men handling this situation, but the results accomplished are very gratifying and the committee is very appreciative of the cooperation and assistance received from the people of Sierra Madre.

Saving Water to Save Current
City Clerk Dietz has issued the following statement concerning the use of water for new developments during the power shortage:

At a meeting held on July 10, the Board of City Trustees instructed the Water Superintendent to decline to install water connections where water is to be used for newly made lawns or other extensive yard use not already supplied with water. He was also instructed to notify all present water users that the city will not furnish any water in addition to present requirements for any new projects requiring increased use of water for lawns, extensive yard use or for any new commercial purposes.

This action was taken in order to meet the request of the Southern California Edison Company which furnishes the city with electric power for pumping our water, that we reduce our needs for electric power by 25 per cent of our usual needs.

SUNDAY SCHOOL TO PICNIC AT ALHAMBRA PARK

The Congregational Church School will hold its summer picnic tomorrow at the Alhambra Park where pool, playground and other attractions are to be found. Parents are especially invited to attend. Autos will be provided, and all who can drive and take extra passengers are requested to do so by Edwin Ward who has charge of transportation. The starting time is set for 9:30 at the church. Lunch will be provided by the committee in charge. Arthur Evans has charge of games and sports and also a special life guard crew whose business it will be to look after the members of the party who go into the pool.

CHURCH OF THE ASCENSION

There will be no services in August unless otherwise announced in this paper.

WOODCUTTER TRANSFERRED TO MONTECITO

Rev. Father F. Woodcutter, formerly in charge of St. Rita's Catholic church in Sierra Madre, has been again transferred, this time to the growing parish at Montecito, near Santa Barbara. He was transferred by the Bishop last year to the parish at Altadena, being succeeded here by Father Peter Hanley and his associates of the Passionist order. Father Woodcutter was calling Wednesday on Sierra Madre friends who were delighted to find him in excellent health.

CONTRACT IS LET FOR NEW SCHOOL PAINT

The public school buildings will be given a complete double coat of paint before school opens on September 22. Contracts have been awarded to the Sierra Madre Hardware Co., for a supply of Acme Quality paint, and to B. R. McBride of Pasadena to apply the same. The color will be the same as before. The total cost of the improvement will be in the neighborhood of \$2750.

How To Cull Poultry For Best Results

As part of the campaign for maintaining high production on poultry farms of Los Angeles County, a series of culling demonstrations has been arranged by the Agricultural Extension Service and Poultrymen's Department of the Farm Bureau. The meetings will be conducted by G. E. Gordon, Assistant Farm Advisor, and W. E. Newlon, Poultry Extension Specialist of the College of Agriculture.

Culling has become recognized as a standard necessary practice on all modern poultry farms. The results of continued culling in Los Angeles County have been marked.

The location of the nearby demonstrations is as follows:

Thursday, August 14, 10 a. m., South Santa Anita. 2 p. m., Pasadena, L. G. Hack Ranch 3255 N. Fair Oaks.

Friday, August 15, 10 a. m., Van Nuys, I. G. Wiley Ranch, Kester Junction, Sherman Way.

NOMURA CASE IS CONTINUED

A plea of guilty and a request for lenience was entered by C. M. Nomura when his case was called by Recorder C. W. Forman on Monday. The charge was illegal possession of liquor and the request for lenience was based on the statement that no sale was involved. Lacking evidence one way or the other on that point, the court decided to take the matter under advisement for a week in hope that more light might be thrown on the facts. Nomura was represented by Attorney Robert Mitchell.

EASTERN STAR MEETS MONDAY

The August meeting of Sierra Madre Chapter, Order of the Eastern Star, will be held next Monday night. This will be the only meeting of the month. In the absence of the Matron, Mrs. George B. Morgridge, the meeting will be in charge of Mrs. Blanch Muskrath, associate matron.

SOME VINE
"Wistaria Town" continues to achieve fame. Denver and South Dakota are actually writing on for slips from the Fennel Vine. We shall have to watch our step or the wistaria will trail Sierra Madre into international prominence yet. From Japan, via Sierra Madre, en route to Denver. It is the longest vine in the world. We always thought so, but now we know it.

Haste Urged In Filing of Bonus Papers

It is of the utmost importance that every veteran entitled to the benefits of the Adjusted Compensation Act file his application at once, according to Harold F. Roberts, Adjutant of the local Legion Post. And this is particularly applicable to those who will receive insurance policies, for while the policies are not dated until January 1, 1925, the policy actually becomes effective as soon as the application is filed.

If the veteran dies before making application for the "bonus" his dependents will receive only the amount of his adjusted service credit of approximately \$1.00 for each day of home service and \$1.25 for each day of foreign service, but if his application is on file at the time of his death, his beneficiary will receive the face amount of his insurance policy, or about two and one-half times the amount of the service credit.

Inasmuch as statistics show that 25,000 veterans will die, before the first of the year, it behooves each and every service man to complete the application blank at once, for he may be one of those who will not be here on January 1st.

As to the cash feature, payable to those whose service credit amounts to \$50 or less, payments will not be made until March 15, 1925, it is true, but the Government and the Veterans' Bureau want the applications now, so that the blanks can be checked, checks made out, and as many payments made on March 15th as possible. The Veterans' Bureau also wants to send out thousands of insurance policies on January 1st, and this cannot be done unless the compensation blanks are on file.

The national welfare organization which is also distributing applications has made the unfortunate public announcement that impatience on the part of ex-service men who are determined to apply without delay should be discouraged. This announcement was undoubtedly made in the best of faith, but it failed to take into consideration the facts set forth above. At any rate, every veteran may be assured that the Government wants his application, and wants it at once.

FAMED LONDON MINISTER TO VISIT CHURCH

Dr. F. W. Norwood of London will be a visitor in Sierra Madre on Monday, August 11. He will come as the guest of the Congregational ministers of Southern California and their wives. They will gather at the Congregational Church and an unusually interesting occasion is expected.

Dr. Norwood is one of the most famous ministers of Great Britain and occupies the still more famous City Temple pulpit of London. The visit of a man of his prominence is another means of spreading abroad the name of Sierra Madre.

Mr. and Mrs. Joseph Simmons of Los Angeles entertained Tuesday night in honor of Captain and Mrs. J. A. Osgood who are leaving soon for Boston. Monday night Mrs. Frank Hart of Sierra Madre Villa gave an outdoor supper in honor of Captain and Mrs. Osgood. The guests were Mrs. Laura Stevenson who has recently returned from Florence, Italy, Mr. and Mrs. George F. Ferris, Miss Blossom Ferris, Prof. and Mrs. J. J. Hart, Mr. and Mrs. W. J. Lawless and Mr. Carl Hart.

After a dinner in Monrovia, Mrs. Agnes Leighton and her guests spent Tuesday evening having a merry time at "Galloping Fish." The party was in honor of Mrs. John Schlatter of Ohio who is house guest this summer of Mrs. Laura Cline. In addition to Mrs. Cline, Mr. and Mrs. George Ferris, Miss Elizabeth Ferris and Miss Clara Sykes pronounced the affair a very happy one.

Comedies For Summer Fare At Wistaria

Three splendid comedies are offered at the Wistaria the coming week. People who object to anything serious in summer have a big week ahead if they will only take advantage of Manager Brown's offerings. And it is not slapstick comedy, either, but contains a plentiful mixture of real drama and thrilling situations in great variety.

Richard Talmadge in "Fast Company," Harry Carey in "Miracle Baby," and Hoot Gibson as "Blinky" afford a group of features which ought to fill the house every night. They offer plenty of contrast to "The Beloved Vagabond" and the "Hunchback of Notre Dame" shown this week. Tonight, by the way, is your last chance to see "The Hunchback" and you ought not to miss it. Many who have seen it are going again.

Harry Carey in "The Miracle Baby" will thrill you with its adventures, enthrall you with its drama, charm you with its romance, delight you with its comedy! A charming girl, in love with a man accused of the most serious crimes, retains her faith in him in spite of the most convincing evidence.

The manner in which he justifies that faith, the adventures he goes through to clear away the foul slander attaching to his name, unfolds a tale that will keep you on your toes every minute of the time and will send you home with a feeling that you have had a wonderful evening's entertainment.

STANDARD OIL SERVICE MAN NOW ON DUTY

V. E. Hayes, an experienced Standard Oil Service station man, is now in charge of the pumps and service at the Sierra Madre Garage. Mr. Steinberger gives assurance of quick, efficient service for gas, oil, water and air. By having a man devoting his attention to this department exclusively, he expects to avoid delays. The Standard Oil Company sets a pace for all competitors in their station service. Having the exclusive local agency for Red Crown gasoline and an experienced Standard man in charge, he feels that he will be able to compete with the best of them.

WHEELER HOME IS SOLD AGAIN

The Roy Bradley Wheeler place at 497 West Grand View has been sold to Mr. and Mrs. Roberts of Los Angeles who, it is understood, will come to Sierra Madre to make their home. The place consists of ten acres of land and a 14-room house, the grounds containing a beautiful live oak grove and much choice fruit and other fine planting placed there by E. W. Camp during the many years it was his home. Mr. Wheeler, who was a son of Mrs. Robert J. Burdette, made extensive improvements in the house but passed away just before the date set for occupying it as his home.

TWO SERMONS FOR SUNDAY AT BETHANY

Regular morning and evening services will be held at Bethany Temple with sermons by the pastor, Rev. Dr. Elwood P. Lyon at 11 and 7:30 o'clock. The topic in the morning will be "Human or Divine Wisdom," and in the evening, "The Future Life." A cordial invitation is extended to everyone to attend these services and make Bethany their church home.

Mrs. Hortense Hill, accompanied by her daughter, Mrs. George B. Morgridge and Elizabeth and Howard Morgridge, left Tuesday morning for Portland, Oregon. They will spend a month or more in the north, visiting relatives and places of interest.

POOR WEBSTER NEVER GOT TO TRAVEL MUCH

Poor Noah Webster never was much of a traveller, in the opinion of C. W. Jones, who writes the editor from Banff, in the Canadian Rockies. Conclusive evidence is to be found in the absence of words in Noah's dictionary to do justice to the scenery up there. Among other interesting things encountered by Mr. Jones and his family last week was a real snow storm. They started last Friday from Banff for Northern Canada.

SIDE DOOR IS NEW FEATURE FOR GARAGE

J. M. Steinberger of the Sierra Madre Garage is one of the busiest men in town when it comes to constant changes for improvement and convenience at the garage. The latest improvement is a side door on the Windsor Lane frontage. A wide door and a short ramp give easy entrance and exit. The change will be a big convenience to patrons and shop workers as well.

Walter Dunn Is Attorney For The City

Walter F. Dunn of Monrovia was retained by the city trustees as acting city attorney during the three-month vacation of City Attorney Frederick Baker. The appointment was made at the suggestion of Mr. Baker who brought Mr. Dunn to the board meeting last week.

Mr. Dunn is also city attorney for Arcadia and the point was raised by Mr. Baker that there may be some conflict of interest between the two cities over water rights. In case anything should arise requiring legal action during the period Mr. Dunn would naturally retain his Arcadia connection and some other provision would be made for Sierra Madre's interests, such matters being usually handled by special counsel anyway.

Through many years of residence in Monrovia and his activity in democratic politics Mr. Dunn has a wide acquaintance throughout the San Gabriel Valley and many friends in Sierra Madre.

LOCAL STORES OFFER GREAT SALE VALUES

Three Sierra Madre stores announce big special sales for the coming week. The attractions they offer ought to produce a lot of business.

J. F. Sadler is putting on his annual midsummer clearance sale with a wonderful offering of dry goods, notions, men's furnishings and a lot of things of special interest to women, either as wearables or for household use.

F. H. Hartman and Son, The Rexall Store, are holding one of the big "Factory to You" sales. The merchandise offered is mostly under the well known Puretest Brand and the prices make a cut-rate drug store look like a holdup.

G. I. Farman at the Sierra Madre Electric Co., is doing his best to help people keep clean easily with a sale of washing machines. This is an electrical convenience which has become a commonplace in almost every home. For those who still cherish an ambition to own one here is a wonderful opportunity.

LODGE MEETS NEXT TUESDAY

August stated meeting of Sierra Madre Lodge, F. & A. M., will be held Tuesday night, August 5. Plans for the district picnic of Masonic lodges of the San Gabriel Valley, to be held August 11 at Monrovia, will be discussed.

Film Story Of Visit To Sierra Madre

Motion pictures showing the civic and business life of Sierra Madre are being considered and barring unforeseen difficulties the camera men will be on location here within a few days cranking onto film views of things as they are.

S. S. Harralson, representing the R. P. Young Productions, and Louis D. Berg, secretary of the Chamber of Commerce, have been making the rounds of the city in quest of photographic beauty spots and more have been found than can be used.

The idea upon which the management is at work is to make as comprehensive a picture of the city as possible and have the pre-view shown locally. In this way it is believed a considerable portion of the expense can be met without placing the burden on a small number of contributors.

Ladies Will Help
A committee from the Woman's Club is expected to take a large part in the production of the film. This fact alone is thought to guarantee success of the venture.

When the picture is finished it will be shown for a month or more at the Los Angeles Chamber of Commerce. It will then be taken to Exposition Park in Los Angeles and will be shown there for two years.

According to figures compiled by the secretary at Exposition Park, more than 325,000 people visit the exposition building there every year. Of this number many are there for the express purpose of seeing what Southern California has to offer the stranger within her gates. This picture story opens in a typical Los Angeles home and ends with the party's arrival at the top of Mt. Wilson. Credit for the idea should be given secretary Berg, for the scenario to President Dennis Stovall, and for the detailed success of the plan to the Sierra Madre Woman's Club.

MARVIN COATS PASSES AWAY

The funeral of Marvin Coats who passed away last Friday at his home on East Central Avenue was held on Saturday at the Grant funeral chapel. Services were in charge of Sierra Madre Post No. 297 of the American Legion, members of which acted as pall bearers. Rev. Charles Coker Woods of the Lincoln Avenue M. E. Church of Pasadena conducted the services, delivering a most impressive and comforting talk. Mrs. Randolph Wood sang with beautiful effect.

Mr. Coats, who was 27 years of age, was the victim of illness contracted while in service of his country. He had been a resident of Sierra Madre the past three years and had made a brave but losing fight for health. He is survived by his wife and baby daughter, also by his parents, Mr. and Mrs. A. S. Coats of Aberdeen, Washington, three sisters and a brother. He was a young man of winning personality and great promise who will be greatly missed by a large circle of friends.

DOG TAX DUE AND PAYMENT MAY SAVE DOG

"Come here, doggie, and let your master put your new license tag on your collar."

If your dog doesn't hear you say that within a very short time he will probably discover it is the open season for unlicensed dogs. Marshal Udell says very few dog owners have paid the annual canine tax so far this year. The new tags may be obtained at the city hall.

Mrs. Edyth Brockman, chairman of the art section of The Friday Morning Club of Los Angeles, has appointed Miss Ella Shepard Bush of Sierra Madre as chairman of miniature exhibits for the Friday Morning Club Art Gallery.

The way to rid yourself from the health destroying CATARRHS, COUGHS AND COLDS

You can become free of Catarrhs, Bronchitis, Laryngitis, Hay Fever, Asthma, swollen tonsils without operations or Drugs.

Thousands of people suffer from these maladies. And there are all kinds of Catarrhs, not only of the nose. When it affects the chest it is Bronchitis. Many people suffer from Catarrh of the STOMACH AND INTESTINES. This always leads to many serious stomach and Bowel disorders. To allow any kind of Catarrh to continue is to create a dangerous chronic condition, which robs the person of VITALITY AND HEALTH.

YOU CAN GET RID OF IT

This treatment seldom fails. A NON-MUCOUS DIET in addition to Chiropactic Nerve adjustments certainly removes these serious Health destroyers. There is no health science, I believe, that can remove the Causes of Disease more safely and better than the one outlined.

Hoover May Picnic With The Iowans

The Iowans of all the Southwest are planning to rally at Bixby Park, Long Beach, all day, Saturday, August 9, 1924. Hundreds of cities and towns will send delegations. Headquarters will be opened for each county in the state, for the colleges and universities so all may find friends.

Silk souvenir badges, hot coffee and popular program will be arranged but picnickers will carry basket dinners or may buy dinners on the grounds. Col. H. M. Bigelow, president of the Iowa Association of Southern California will preside over the program of song and oratory commencing at two P. M.

The officers expect to have the opportunity of introducing Herbert Hoover, native Iowan, now Secretary of the Interior. Every Hawkeye west of the Mississippi is invited to meet old friends and spend a happy day with the jolly Iowans.

Ask questions of C. H. Parsons, secretary, at the Iowa offices, Continental National Bank, Ninth and Main, Los Angeles.

Have You This Habit?

By Margaret Morison

ROBERTA HOOD

ROBERTA HOOD had lived all her life up to eighteen on her father's old farm at Pleasant Valley. So when it came time for her to begin to think of her own financial future, she naturally turned to the city. And in two months she was one of five girls working in the pressing room of the big garment factory that supplied up-town shops with children's fine dresses. From eight to five she ironed dainty ruffles and tucks and plaits. The other workers rarely spoke to her; all went about their business in a dull, determined way; at intervals the manager looked in; and once in two weeks she drew her pay envelope. She became so used to the four mustard-colored walls that she was no longer conscious of anything beyond her ironing board and the shelf above.

Then one week she went home for Sunday. It was April and the woods were full of violets. Roberta Hood picked a big box of violets and moss to take to the city with her. When she left for her work on Monday morning the blossoms were so fragrant that she took a few with her in a glass and put them on the shelf above her ironing board. All that day as she looked up at intervals they seemed something living amid the mechanical routine of her motions. The head of the room came over to take a sniff and said that he came from the country, too. On her next visit home Roberta brought back some ivy, and the five workers took turns watering it and washing down the glossy leaves. Through this common interest they began to eat lunch together. Then they started a window box, and finally they achieved curtains, and a table where they spread their sandwiches and bottles of milk.

The pressing room had become a matter of interest in the factory. Finally, one day, the president of the company strolled in. He was a progressive man and he appreciated the business value of the esprit de corps of this little group. The upshot was a clubroom for the workers of the factory—a room of their own—freshly painted, with geraniums, and a disreputable yellow cat that they had adopted as their mascot.

To open the new club they had a party. The head man in Roberta's room sat next to her.

"This is your doings!" said he.

"Aw, go on!" laughed Roberta.

But the next spring, when they were married, Roberta put extra effort into "fixing up" their rooms. She had learned the value of the habit of bringing beauty into everyday life.

HURT YOURSELF?
If skin is broken, then:
1. Apply Iodine — do not wash wound.
2. Apply sterile piece of gauze.
3. Wrap with sterile gauze bandage.
4. Fasten with adhesive plaster.

Summer vacationists are warned to be more careful of bruises and slight wounds, because of the seriousness of infection, by Dr. Harry W. Gentles, chairman of the first aid committee, Chicago chapter of the American Red Cross.

"The tragic death of young Calvin Coolidge, Jr., has served dramatically to show that no wound is slight," Doctor Gentles declared. "There is always the danger of infection. When the skin is abraded or cut, do not go on with your tennis or golf—avoid further irritation. If the swelling, pain or redness continues, consult a doctor.

"It is a great mistake to wrap a handkerchief around a bruise. Thousands of infections prove to doctors that so-called 'clean cloths' are never free of germ life.

"Especially in summer should bruises be watched. Vacation activities, outdoor sports, mountain and seashore pastimes bring frequent minor scratches and bruises. Vacationists should be as careful as their doctors.

"If you get a slight wound or bruise, do not neglect it. Serious sickness may result, and occasionally septic poisoning may cause death. There are four simple things that one should do:

First, apply half strength tincture of iodine to the wound, or better, use glass ampoules. Never apply near the eyes, between the thighs or for wounds of the intestines. It is a mistake to wash the injury. Iodine is a destroyer of germs, and is very effective, as war surgeons proved.

Second, apply a sterile piece of gauze, folded into a convenient pad. Third, wrap this dressing with a

WHAT FOREST OFFICERS MAY MAKE YOU DO

In times of forest fire emergency, the authority of forestry officials goes to great limits. The most important features of the laws concerning forest fires are the following—look them over:

The authority to impress able-bodied men between the ages of sixteen and fifty years to fight fires.

Making the malicious or negligent setting of fires and allowing it to escape to the land of another, a misdemeanor.

Making the leaving of a camp fire unextinguished, or allowing it to spread, a misdemeanor.

Forbidding the burning of brush, logs, etc. (except in logging in the redwoods) between May 15 and October 31, without first securing a permit from a state fire warden.

Forbidding the building of camp fire in the National Forests without first securing a camp fire permit.

Forbidding operating non-oil burning engines and locomotives in or near forests or brush without proper safety devices."

GIRLS CALLED FOR CAMPFIRE

There will be a called meeting of the Sierra Madre Campfire Girls Monday, August 4th at 10:00 A. M. in the Community House to make plans for the next ceremonial meeting, which is to be held in the Mountains, August 15th. All members of the Campfire and all who wish to join are urged to attend this meeting.

sterile gauze bandage. Fourth, fasten the bandage with adhesive plaster.

"It is simple to do, but it may save much suffering later. There is no need to fear septic poisoning from summer injuries, if you do this. The American Red Cross is teaching thousands of men and women and children these simple rudiments of first aid. It means the saving of many lives this summer."

SHELDON LAYS DOWN LINES OF HIS CAMPAIGN

"Elect Judge Sheldon District Attorney and insure the enforcement of the Eighteenth Amendment." This is the slogan adopted by thousands of voters who have signed the petition placing Judge Caryl Mason Sheldon in nomination for District attorney of Los Angeles County. The battle lines have been carefully laid and the fight is on in earnest. Judge Sheldon is the only candidate in the race against the incumbent who was appointed about a year ago.

Decent law-abiding people, citizens who are desirous of enforcing all of our laws are making the candidacy of Judge Sheldon a real issue. Believing that the better interest of this county will be served if a man of the type of Judge Sheldon is elected

the campaign is to be carried into every village and hamlet of this county. There is reason to believe that Judge Sheldon's support, which is now assuming large proportion, will be such that he will be elected by a substantial majority on August 26.

Campaign headquarters have been established at 220 Loew State Bldg., Los Angeles. Bert C. Smith is the campaign manager. Organizations have been formed in the outlying towns and district headquarters will be established. It is proposed to acquaint the voters with the man who has established such a record for law enforcement during the past two years. He is in charge of the Wright act cases and the bootleggers and law breakers know what it is to feel the sting of severe penalties meted out to them by Judge Sheldon in his campaign to clean up vice conditions in Los Angeles.

PROGRAM FOR WISTARIA THEATRE BEGINNING AUGUST 2

SATURDAY AND MONDAY

IN FAST COMPANY

A laugh-burst, with Richard Talmadge. The trouble with Perry Whitman Jr., is, he has too much pep. The story of a live-wire who sparked too fast for a slow college town. Expelled from college, a bunch of girls, a wild party, a raid and fight, an irate father, and young Perry found himself facing the world with an even hundred dollars, which got him into the most exciting, thrilling experience he ever had. Fast and furious fun.

THIRD CHAPTER OF THE SANTA FE TRAIL.

TUESDAY AND WEDNESDAY

THE MIRACLE BABY

Harry Carey, Margaret Landis, Chas. LeMayne, and Hedda Nova. Snowy vistas to cool your vision; the rescue of a lone, hungry crying baby in a crude log cabin, buried in snow drifts. Every mother's heart will beat in love and pity for this little snow-waif. The two men did their level best for it, with the aid of a book on "The care of Children," but they didn't understand teething and went for the Doctor under great difficulties. Then the law took a hand and things looked dark; but all ends well for the new and happy family.

THIRD EPISODE OF THE TELEPHONE GIRL

THURSDAY AND FRIDAY

BLINKEY. Hoot Gibson. BLINKEY

A FINE NAME FOR A HERO

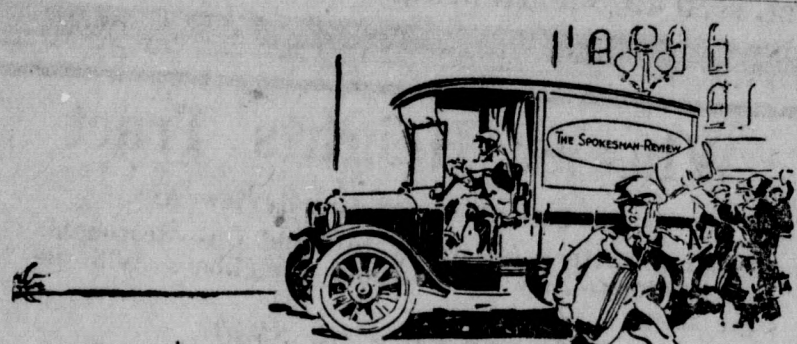

He had been raised by his doting mother back-east, but his father was a retired army man. His mother wanted him to have a commission because the society boys were all getting them. He got it and was detailed to the 153rd Cavalry on the Mexican border. What a situation. He had never ridden a horse, never had a gun in his hands, but he had been a Boy Scout. Aside from the "razzing" he received, all went well until he was assigned to guard duty. See what all happens to the smiling Hoot.

Rushing the EXTRAS to the newsies—

Probably the only type of automotive equipment that is driven harder than a fire engine is the truck or auto that delivers the papers to the newsies and news-stands.

It's worth noting that Zerolene "stands up" in this sort of service as well as in all others. The Business Manager of the "Spokesman-Review," of Spokane, Wash., writes as follows:

"For more than ten years we have continued to use Zerolene oils and greases in our sixteen cars and trucks and three motorcycles. These carry our papers every day in the year over all sorts of roads in all kinds of weather, and may be classed as very hard service."

Why pay tribute to the superstition that "eastern" oil is "better" just because it costs more? Zerolene, made by our patented high-vacuum process from selected Western Naphthenic Base Crude, deposits less carbon, increases the gasoline mileage of your car, and lengthens its working life.

Insist on Zerolene—a better oil—even if it does cost less.

JUST OPINIONS

OPPORTUNITY FOR CANYON FOLKS

With natural possibilities for the most beautiful section of Sierra Madre, Sierra Madre Canyon Park has had a narrow escape from the doom of the most unsightly and least attractive part of town. The escape is not yet complete.

The real decision lies largely in the hands of the voters residing in the canyon. Their big opportunity comes on Tuesday, August 26.

When the voters of the Canyon Park district pass upon the proposal to issue bonds for street improvements they will determine the future of the canyon. The present condition of the streets has been a handicap which they should appreciate better than anyone else. Perhaps familiarity has dulled their abhorrence of the street conditions. Perhaps they do not realize how many people are actually kept from visiting the canyon, let alone investing there.

There is no need to rehearse the history of the subdivision and the handicap put upon it by the subdividers over the protests of city authorities. A situation was created which made public improvements impossible until the recent negotiations which resulted in the city taking over the streets in the tract previously held as privately owned lots. Now the canyon property owners have asked for a bond election to provide for the long delayed improvements.

The promoters of the petition have showed a commendable spirit. The only danger is in the apathy of the registered voters.

With permanent street improvements on officially established grades many improvements hitherto impossible can be made on private property also. The way lies open for development of the Canyon Park section into the most beautiful mountain development in any city of Southern California. With good streets, the canyon and knoll can be made one of the show places which every visitor to the city will be taken to see.

It is up to the voters of the improvement district to decide between a nest of shacks in an unattractive setting, and an increasingly popular, novel and beautiful residence section.

ANOTHER FINE SUNDAY NIGHT FILM PROGRAM

At the service next Sunday night the feature picture will be "The Net." This is a fine, clean story of the triumph of love over cynicism, suspicion and disillusion. It is a picture one will long remember.

These Sunday evening services which are being conducted by the League of Youth of the Congregational Church and made possible through the kindness of Mrs. Mason Brown who is donating all the privileges of the Wistaria Theater in the interest of Community Service are now entering upon the second month. They have met with such a warm response that the young people and Mr. Brown are both gratefully appreciative.

Plan next Sunday evening to bring a friend with you, but come early if you wish a good seat.

SUNDAY TOPIC OF DR TATE

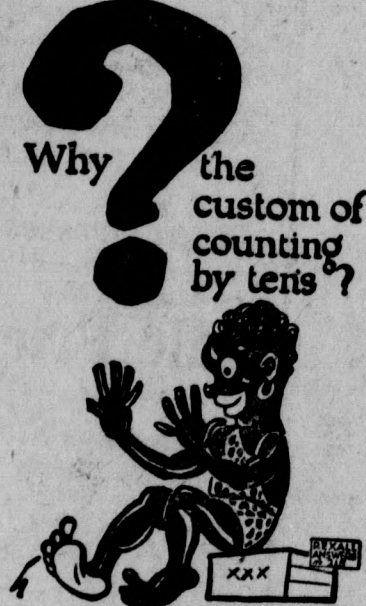

Next Sunday morning Dr. Tate will take for his subject, "God's Venture." The services of the church are full of interest both to young people and adults. Splendid summer audiences in a cool church make this morning hour an inspiration.

All who have no definite church home are cordially invited to attend this homelike church.

There are no evening services during July and August and all the members and friends of the church are urged to attend the Wistaria Theatre service.

A Mid-summer picnic at Alhambra Park is being held tomorrow (Saturday) by the church school. Parents and children and friends of the church are cordially invited. Full particulars regarding conveyances, etc., will be found elsewhere in this issue.

Demand for More Victrolas Result of Quality

THE Victor Company tells us that this year it will make forty-eight percent more Victrola instruments than in 1923.

Actual experience has proved to us that Victor quality is responsible for the universal demand indicated by this increased output.

For superior musical result we say—Victrola and Victor Records. We carry both—comprehensive stocks.

Come in. Hear the great Victor artists. See the instruments. Ask about our Payment Plan. Everybody likes the way it works.

State Leads In Number of Auto Buggies

California is now ahead of every other state in the Union in number of motor vehicles registered.

Leaping forward in steady strides during the first six months of 1924 the Golden State has overtaken and passed her nearest rival, New York, with several thousand to spare. The division of motor vehicles has figures showing the gain in registration in California of 84,000 while New York shows a loss of 45,000.

On July 1, California's total registration of passenger cars and trucks was 1,184,015. New York's registration on the same date amounted to 1,169,145. Thus California's gain was 14,870. Since July 1 California's registrations have jumped to 1,197,077 and the fall months are expected to bring heavier gains.

Of all the states in the Union, California was the only one to pass the million mark in passenger cars and, in fact, the big gain of California was made in this type of motor vehicle. Because of the number of trucks used in New York City, the state of New York still has a substantial lead over California in the number of trucks.

The Rev. Willis C. Crider, his wife and daughter of Santa Clara, were guests for a part of the week of Dr. and Mrs. W. A. Tate. Mr. Crider is the minister of the First Presbyterian Church of Santa Clara and attended the conference of the Synods of California and Arizona at Glendale.

Gas Engines Making Good On Ranches

That the state of California, in view of the gigantic strides it is making despite several adverse factors, such as the recent foot and mouth disease of live stock, the forest fire situation and drought conditions, must present a mighty and inspiring spectacle to the rest of the nation, was declared here today by W. W. Keefe, local manager for the Southern California Edison Co.

"The shortage of water power in this state," Keefe said, "might at first glance be looked upon as disastrous. On second thought, however, it will be found that this is not at all the case. Even if there is such a shortage, California with its unexampled resources is still able to overcome the difficulty.

"For instance, gasoline and natural gas are jumping into the breach, and hundreds of pumping plants throughout the Golden State are kept in operation. This is, in my opinion, astounding proof of what a remarkably self sustaining state California really is."

"In Southern California and particularly in Sierra Madre District we have recently been installing hundreds of additional horsepower on various ranches. It is a fact, perhaps not very well known, that a gasoline engine can be converted into one utilizing natural gas, in the space of a few hours. Numerous gasoline engines have been and are being thus converted. On many ranches entirely new internal combustion engines are being installed.

"Economy of operation is one of the many factors which cause power users to turn to natural gas as a fuel. Still another factor is the steady, uninterrupted service that this fuel offers.

"We supply gas engines on what is known as the preferred schedule. This is next in importance to the domestic schedule, which takes precedence over all other schedules in emergencies, such as a sudden shortage of natural gas.

"What this means to the user of natural gas may be quickly gathered when it is stated that at least forty million cubic feet of gas, delivered daily by us, would be available within thirty minutes time to augment the flow to natural gas engines, in case a shortage occurred. This amount of gas would be diverted from those consumers whom we supply on our surplus industrial schedules, who sign a contract to be equipped to use fuel other than natural gas, on demand.

"This protection means that rarely if ever will the user of natural gas engines be curtailed in operation."

WE SOMEHOW KNOW

By DOUGLAS MALLOCH

SO MANY times, so many nights,
When locked the door, and out the lights,

My mother comes and looks at me
While I am sleeping, just to see
If I'm tucked in, and haven't thrown
The covers off, as I am known
To do sometimes; if I am warm,
And safe from harm and fright and storm.

I'm sound asleep, of course, and so
I cannot see, and yet I know.

So many times my mother stands
And smooths the pillows with her hands

And sees the quilt is folded right.
Yes, in the middle of the night
She comes and stands beside my bed
And holds her light above my head
To see if everything is well.
Perhaps you wonder how I tell?
She steps so gently, walks so slow,
I cannot hear, and yet I know.

So many times our mothers creep
To where the little children sleep
And watch our breathing. Many a time

We know the stairs our mothers climb,
For so our mothers keep on guard
All day and all night afterward.
Of course we cannot hear nor see;
We're sound asleep as we can be;
They gently come, and softly go;
And yet, some way, we somehow know.

Reflections of a Bachelor Girl

By HELEN ROWLAND

NOBODY is quite so blasé and sophisticated as a flapper, who is just recovering from a baby-grande passion.

If a man is looking for an innocent, simple, unsophisticated wife, with a sweet childlike faith in men, he should pick out a widow of over thirty-five, in these days.

When a brave, beautiful young girl goes into the world prepared to resist its temptations, it is an awful disappointment to her, to discover that a "temptation" is as hard to find in the average business office as a pet fly in a candy shop.

Oh, yes, every woman needs a husband, if only as an instrument of self-discipline to keep her from EVER growing vain and self-satisfied.

The only perfect husbands are widows' husbands. To recall tenderly "a voice that is stilled" is no feat, beside listening patiently to a voice that is continually wondering why dinner isn't ready, where you keep the matches, and what you paid for those "fool shoes."

Heaven deliver us from the man with a new motor-horn, the woman with a new phonograph, the boy with a new whistle, and the neurotic with a new complex!

The foolish woman says "yes," and robs love of its uncertainty; the tactless woman says "no," and robs it of hope; but the wise woman says nothing—and keeps it simmering at just the right temperature.

The task of a modern girl's life is to keep her mother away from the sort of movies that no woman over thirty should see.

Why will a man worry more intensely over throwing away an old tomato can than "might have been used for bait," than over losing his watch, burning holes in the real lace curtains, or spilling the glue on the Persian rug?

YE ED BACKS DOWN ON BOBBED HAIR BUSINESS

A Kansas editor got gay and made caustic criticism of the practice of bobbing hair. The poor editor soon found his patronage gone and himself scorned by the women of the town. In hunger and despair the editor tried to regain the patronage and good will of the women by apologizing, and this is what he said:

"We like bobbed hair. Bobbed hair is sanitary. Bobbed hair looks cute. Bobbed hair makes business good for the barbers and we love the barbers. Bobbed hair makes old women look older, giving them that good girlish grandmother appearance. Biscuits with hair in them are not as numerous as they were before the bobbed hair craze. If there are any, they are shorter and easier to get out. Therefore we apologize for what we have said in the past about bobbed hair."—Guadalupe, ex., Gazette-Bulletin.

CITRUS SHORT COURSE TO BE HELD IN FA

Considerable interest has already developed among citrus growers the announcement of a Citrus Extension School to be held in Yuma during the month of November. The school will be conducted for one week and will consist of lectures, demonstrations, and field trips. Work planned to be given during the school will be of very practical nature, designed to meet the needs of newcomers in the industry as well as the desires of more experienced growers who wish to familiarize themselves more thoroughly with the various different citrus practices. Irrigation, pest control, trunk root disease control, orchard hilling, as well as other cultural practices will take up part of the work. Announcement of the complete week's activities will be made later.

ORDINANCE NO. 284

AN ORDINANCE CALLING A SPECIAL ELECTION TO BE HELD ON THE 26TH DAY OF AUGUST, 1924, IN THAT CERTAIN TERRITORY CONTAINED WITHIN THE BOUNDARIES OF PROPOSED MUNICIPAL IMPROVEMENT DISTRICT NO. 1, OF THE CITY OF SIERRA MADRE, PROVIDING FOR SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF INCURRING A DEBT BY ISSUANCE OF BONDS OF SUCH DISTRICT FOR THE PURPOSE OF CONSTRUCTING PUBLIC IMPROVEMENT WORK CONSISTING OF STREET WORK UPON PUBLIC STREETS, PUBLIC ALLEYS, AND PUBLIC RIGHTS-OF-WAY IN SAID DISTRICT; PROVIDING FOR THE ISSUANCE AND SALE OF SUCH BONDS FOR SUCH PURPOSE, AND FOR THE LEVY OF A TAX FOR PAYMENT OF SUCH BONDS; AND ESTABLISHING AN ELECTION PRECINCT AND POLLING PLACE IN SAID TERRITORY AND APPOINTING THE OFFICERS OF ELECTION FOR SAID SPECIAL ELECTION.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

SECTION 1. Whereas on the 22nd day of May, 1924, a petition was filed in the office of the City Clerk of the City of Sierra Madre, and ex-officio clerk of the Legislative body of said City, requesting that proceedings be taken under the provisions of an Act of the Legislature of the State of California, entitled, "An Act to provide for the formation of districts within municipalities for the acquisition or construction of public improvements, works and public utilities; for the issuance, sale and payment of bonds of such districts to meet the cost of such improvements; and for the acquisition or construction of such improvements," approved April 20th, 1915, and the amendments thereto, for the purpose of constructing public improvement work consisting of street work upon public streets, public alleys, and public rights-of-way in said district; and said petition was signed by not less than ten per cent of the qualified electors of the territory so proposed to be formed into said Municipal Improvement District; and

Whereas, in pursuance of said petition, and of the said Act of April 20th, 1915, the Board of Trustees of the City of Sierra Madre on the 12th day of June, 1924, passed an ordinance designated as Ordinance No. 282 of said City, containing the matters prescribed by said Act and declaring the intention of said Board of Trustees to call an election in that part of the City of Sierra Madre contained within the boundaries of said proposed Municipal Improvement District, to be known as "Municipal Improvement District No. 1 of the City of Sierra Madre" for the purpose of submitting to the qualified electors of said district, the proposition of authorizing the issuance and sale of bonds of such district, in the manner provided for in said Act, to meet the cost of said proposed improvement; and said Ordinance was approved by the President of the Board of Trustees of said City on the said 12th day of June, 1924, and was thereafter duly published as provided by law; and

Whereas, no protest or objection was provided by said Act was filed with the said Clerk at or before the time set in and by said Ordinance of in-

tention for the hearing of said petition, to-wit, July 10th, 1924, at 7:30 o'clock P.M., and at the expiration of said time said legislative body, to-wit, the Board of Trustees of said City, acquired, and now has, jurisdiction to proceed further in accordance with the provisions of said Act.

SECTION 2. Now, therefore, a special election is hereby called, to be held on Tuesday, the 26th day of August, 1924, within the proposed Municipal Improvement District No. 1 of the City of Sierra Madre, the exterior boundaries of which are in said ordinance of intention and hereinafter described, for the purpose of submitting to the qualified electors of said district the proposition of incurring a debt by the issuance of bonds of such district for the purpose set forth in said ordinance of intention and hereinafter stated; the exterior boundaries of said district being particularly described as follows, to-wit:

SECTION 3. That the object and purpose for which the said proposed indebtedness is to be incurred is constructing public improvement work consisting of street work upon public streets, public alleys and public rights-of-way in said district.

SECTION 4. That the estimated cost of such proposed improvement is Seventy Thousand (\$70,000) Dollars; that the amount of the principal of the indebtedness proposed to be incurred is the sum of Seventy Thousand (\$70,000) Dollars; and the rate of interest to be paid on said indebtedness shall be six (6) per centum per annum, payable semi-annually.

SECTION 5. The polls for said election must be opened at 6 o'clock A. M. of the day of the election, and must be kept open until 7 o'clock P. M. of the same day, when the polls shall be closed; except and provided, however, that if at the hour of closing there are any other voters in the polling place or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after 7 o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives.

SECTION 6. That there shall be printed on the ballots to be used at said special election, in addition to the other matters required by law, the following proposition to be voted on, to-wit:

Shall that certain proposed Municipal Improvement District No. 1 of the City of Sierra Madre incur a bonded debt of Seventy Thousand (\$70,000.00) Dollars for the purpose of constructing public improvement work consisting of street work upon public streets, public alleys, and public rights-of-way in said district?

That opposite to the above proposition to be voted on and to the right thereof, the words "Yes" and "No" shall be printed on separate lines within voting squares.

SECTION 7. For the purpose of holding and conducting said special election, said district, as above described, is hereby established as one voting precinct, denominated as Special Election Precinct No. One. The boundaries of which said precinct shall be and are hereby fixed as the exterior boundaries of said proposed Municipal Improvement District No. 1 of the City of Sierra Madre as above described herein, and the place at which the polls will be opened in

PICTURE TRUE TO ITS NAME AT COLONIAL

You'll have to do what you're told, if you go to the Colonial Theater at Monrovia next week. "Hold Your Breath" is so full of brisk action and thrilling situations that it takes your breath away. A particularly apt title—that. Jimmie Adams certainly deserves the lot he won from Al Christie for thinking of it. "Hold Your Breath" is an Al Christie feature done in the same tempo as the short Christie comedies. Unlike most feature comedies, it has a good story as a basis for the humor. It is a tale of a girl who sets out to hold down her brother's reporter job and does—although she rouses the whole town and almost breaks her neck before she succeeds. The cast is comprised of a grand array of well known players. Dorothy Devore, the irrepressible little star of a multitude of Christie comedies, is the girl. Jovial Walter Hiers plays her well-meaning fiancée and Tully Marshall is seen as the Eccentric Collector. Jimmie Adams, Jimmie Harrison, Priscilla Bonner, Lincoln Plumer, Rosa Gare, Jay Belasco, George Pierce, Victor Rodman, Budd Fine, Eddie Baker and Douglas Carter comprise the remainder of the large and very capable cast. The picture was directed by Scott Sidney and written by Frank Roland Conklin, author of innumerable Christie scripts.

Around Our Town

Mr. and Mrs. Ben M. Lyon have as their house guest Mrs. Lyon's mother, Mrs. Hanan Preslar of Monroe, N. C.

Miss Viola Fennel left Monday for Del Mar where she will make a visit of some length with her friend, Miss Nancy Davis.

R. J. Davies is taking a couple of week's vacation from his duties at Welscher's. Mr. and Mrs. Davies and son Emerson expect to sojourn at the beaches.

Oscar H. Obst has taken out a permit for a two-story duplex house to be erected on his property at 500-502 West Highland. He will also build four garages in the rear.

Members of the Sierra Madre Woman's Club will be interested to learn that Mrs. Eva Marshall who has spent the past winter here has purchased a home at 504 N. Stevenson Street, Pasadena. It is her intention however to return frequently for club affairs.

Mr. and Mrs. R. J. Scott, of Los Angeles are spending a few weeks at Mrs. J. E. Hayden's home on 36 West Mira Monte. Mrs. Hayden who is travelling in the east writes that she very fortunately escaped injury recently when her train jumped the track.

Mr. and Mrs. W. J. Lawless, who have been sojourning at Balboa for a month had as their house guests Mr. and Mrs. E. E. Manning of Los Angeles and Mr. and Mrs. Frederick H. Kent of South Pasadena. Mr. and Mrs. Lawless are leaving soon for San Francisco, where they expect to stay indefinitely.

A very enjoyable dinner was given by Mrs. Ben Malcolm Lyon at her home, 109 North Auburn, Saturday evening in honor of Mr. John L. Worden and bride of San Diego. The guests included Mrs. Hanan Preslar of North Carolina, Mr. H. A. Moore of Los Angeles, Mr. Lyon and Benjie Jr.

Mrs. Stella N. Dennison entertained last Friday evening with a dancing party complimentary to Mr. and Mrs. Joyner Cornes of Monrovia whose marriage took place recently in Cleveland, Ohio, and Miss Ruth Klemme who left on Saturday for a visit at her home in Belmond, Iowa. Sixteen young people were present.

Best of All Patients

A doctor who had taken up as his specialty the treatment of skin diseases, was asked by a friend how he happened to select that branch of medicine. "There were three perfectly good reasons," replied the physician. "My patients never get me out of bed at night; they never die and they never get well."—Chicago Blade.

EASY TO LOOK AT

John King, veteran country newspaperman of Southern California, states that over at Claremont there is a newspaper woman who is good at the job and is easy to look at. Over at Claremont many records are broken, and thus the history of newspaperdom has been changed, for when one finds in newspaper circles a woman who is both good at her work and good to look at, it's simply unusual and hasn't happened before. That Miss Lavina Larson is easy to look at we will take John King's word for it, and that she is good at her job is proven by the following:

It is our observation that many wives approve of woman suffrage because it enables them to kill their husbands' votes.

When he was a boy they urged him to Forge Ahead, and when he was grown they couldn't understand why he landed behind jail bars.

Some people have no discretion at all. For instance, there's a firm in Los Angeles who in an advertisement of used cars give a prominent position to the words, "Fast Turn Over."

This matter of children's disrespect for their parents has gone just about far enough. The other day we read of a young woman in New York who turned over to the police her own mother's bootlegger!

The Petaluma Argus, in reporting the case of a mentally subnormal girl who was brought into court recently for an offense makes this statement: The district attorney said she would be detained at the State Home until she was 21 years of age, when she would be brought into court and her future disposition decided. Wonderful how powerful the court is getting to be—deciding a woman's disposition. Well, well, what progress civilization must be making!

Insured for a Charity

The growing part played by life insurance in human affairs finds a striking illustration in the fact that many prominent New Yorkers have taken out policies with their favorite charitable or other institutions as beneficiaries. Says the New York Evening Post. Satisfactory methods of administration have been worked out so that the principal of the bequest may be conserved. A wide range of organizations has already been selected. The plan has merits which will no doubt recommend it to many others of philanthropic inclinations who wish to see the work they have fostered continue to prosper after they are gone. It offers a chance to make the good that men do live after them.

Early Gas Engine

The first practical gas engine was invented in 1860 by a Frenchman named Lenoir. In general outward appearance the machine resembled a single cylinder, horizontal steam engine and was double acting. Gas was drawn into the cylinder during the first half of the forward stroke and exploded by an electric spark just as the piston was beginning the second half of the stroke. The burnt gases were forced out during the return stroke when an explosion was taking place on the other side of the piston. Since the gas was ignited without being compressed, the engine was very wasteful.

John Leads 'Em All

More Johns in America than any other name. After John comes William, then James. This is shown by check-up of many city directories. Religious names, from the Bible, exert a great influence when it comes to naming the average child. Just why John leads all other names in popularity should interest the clergy. For it unquestionably indicates a very definite preference, admiration or interest.

Once started, of course, names become hereditary. It takes courage to give a child a name that isn't common as dandelions.—Columbia Record.

City's Proud Nickname

Cairo is the city so-called by the Arabs, one of whom describes it as follows: "He who hath not seen Cairo, hath not seen the world; its soil is gold; its Nile is a wonder; its women are like the black-eyed virgins of paradise; its houses are palaces; and its air is soft—its odor surpassing that of aloes wood and cheering the heart; and how can Cairo be otherwise when it is the Mother of the World?"

To Blue Gun Barrel

This is supposed to be one of the most practical methods of re-buffing a gun barrel without heat. The barrel is first thoroughly cleaned. Then nitric acid, one part, diluted with 10 parts of water is applied until a blue film is produced on the surface. The gun barrel is then washed with warm water, dried and wiped with tinned oil.
